

# Audited Financial Results for 2024

#### Commentary

The Directors are pleased to present the audited financial statements for the year ended 31 December 2024.During the year, the Company recorded a 37% increase in total income and a 72% growth in profit after tax compared to the previous year. This performance was driven by operational efficiency amid improved capital market conditions, which led to higher dividend and interest income, as well as gains realized from trading of securities . Earnings per share (EPS) stood at TZS 23.3, slightly lower than the prior year, owing to the issuance of additional shares towards the end of 2023, which increased the weighted average number of shares in issue.The investment portfolio expanded by 19%, reaching TZS 49.5 billion, underscoring the Company's focus on diversification and effective asset allocation.

### Dividends

The Directors recommend the payment of a final dividend of TZS 18 per share (2023: TZS 13 per share), representing 77% of the profit after tax in 2024. The proposed dividend is subject to shareholders' approval at the upcoming Annual General Meeting (AGM).
